We're excited to celebrate the project's birthday! So much has happened over the past year - but even through the thick and thin, we're excited to celebrate. To commemorate the 2nd anniversary of the project, we have a lot of news we'd like to share, and what better way to share it than with the first Pixel Planet Happenings Newsletter!?

We > Me

I'm super happy to announce that Ashley Florer will be joining us as an Administrative Assistant to help plan daily posts and tackle various tasks! She's been helping in the planning process for a while, but we're excited to make it official.

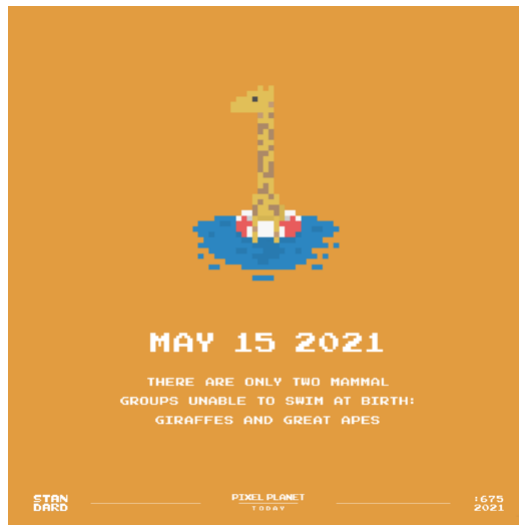

We Want Your Help!

We created a survey to gather input on the project, get feedback on how things are going, and thoughts on our future endeavors. The survey should only take about 10 minutes to complete and is completely anonymous. We greatly appreciate the input, which will help us make decisions on how to make the project even better.
